

SimLa Innovations

Project: Joint Commission Visit

Materials: Name badges (the type you wear at a conference), Tracer questions, clip board.

Cost: \$1.00 - \$2.00

Time: One hour

Details: Ask a colleague to come by the simulation lab ‘in about 15 minutes’ while a scenario is underway. Provide them with a Joint Commission name badge (Image ‘A’), a clipboard, and a page of ‘Tracer’ questions that are appropriate for what you have in your lab (Image ‘B’). Have the official surveyor ask the ‘charge nurse’ or staff nurses various questions (e.g. ‘where do you keep your P&P manual?’ or ‘where are your patient safety goals?’). Great for a few grins and giggles (and to see if they were really paying attention during simlab orientation).
